### Thursday, September 8, 2016—Evening Meet and Greet Dinner: 6 pm

**Iron Hill Brewery & Restaurant,** 8400 Germantown Avenue, Chestnut Hill, PA. (5.6 miles—about 20 minutes—from host hotel.) Metered parking on Germantown Avenue; three parking lots close by (\$1 an hour). Free parking behind restaurant but it is usually full.

Friday, September 9, 2016—Touring Montgomery and Bucks County Price per person: \$50

## **8:30** am.—Depart from the Hampton Inn in tour buses (Parking is available for those staying elsewhere and need to park their car at the Inn.)

**Mather Mill--**Outside only; historical background and pictures provided by Bill Koons (20-30 minute stop).

**Evans-Mumbower Mill--**View an introductory DVD about the history of milling on the Wissahickon Creek and/or take a guided tour to see the mill in operation. Afterward, browse in the museum and see artifacts from the Mill's archaeological dig (1½ hour stop).

**Peter Wentz Farmstead**—The house, barn, farm buildings and garden reflect the German heritage of Peter Wentz, who also was a miller, and his wife Rosanna. They purchased the property in 1774; in 1777 it served as the temporary headquarters for George Washington. A guided tour of the house will be available; visits to other parts of the property are self-guided. We hope to have a brief talk from a local author who has identified various mills that were constructed along the nearby Zacharias Creek. A picnic lunch will be served (2 hour stop).

**Castle Valley Mill** —Located in nearby Bucks County, originally constructed in 1730 and restored in 1947 by the current owner's grandfather, who saved many milling machines and examples of technology and ingenuity when older mills in Bucks County were being torn down or gutted. From this collection, Castle Valley Mill has restored several antique mill stones and processing machines and put them back into operation. Using antique burh stones, the mill continues to produce the finest ground flours, meals, cleaned whole berry grains and grain mixes, which are sold to leading restaurants in Philadelphia, New York City and elsewhere. No products are sold at the Mill (1½ hours).

**The Market at DelVal**—originally run by the students of Delaware Valley College, which began life as an agricultural school and in 2014 became a University, the Market has a deli, a creamery, plants, fresh farm produce and the grains/flours produced by Castle Valley Mill, as well as clean, modern restrooms. It is well worth a stop, even a brief one, and is on the way back to Hampton Inn (20-30 minutes).

### <u>Saturday, September 10</u> <u>Springfield Mills, Morris Arboretum</u>

### 9:00 am--Springfield Mills Tour

Arrive and park at Bloomfield Farm, which is directly across from the main entrance to the Arboretum (both are off of Northwestern Avenue).
